A varied range of cultural activities just a stone's throw away

Cultural life in Lucerne is very broad and offers exciting events and festivals all year round. The cultural offer includes regular performances in the renowned KKL, the various stages of the Lucerne Theater, in the Schür concert hall or in one of the many other locations. In addition, various festivals with an international reputation are part of the annual program such as the Lucerne Festival, the Blue Balls Festival, the Honky Tonk Festival and the international Comix Festival Fumeto. It is definitely worth checking out the calendar of events. The connections between Vitznau and Lucerne are excellent and there are regular night buses back to Vitznau at weekends.
