Hunting the fox together

If you are looking for an exciting and thrilling team or family outing, Foxtrail is the place for you, because here the village becomes a playground: you have to hunt down the escaped fox, which has left puzzles and tracks all over the village. You have to crack codes, find hidden messages and solve puzzles. Luckily you are not on your own, because only in a team can you draw the right conclusions and catch up with the fox bit by bit. The Foxtrail in Vitznau and Weggis can be booked directly online, takes between 2-4 hours and starts directly at the Vitznau ship station. If you haven't had enough after this adventure, you will find other exciting Foxtrails in and around Lucerne or on the Klewenalp.
