Summer Sounds Matinee

Concert with the Folklore Group Scherer-Matter

The group Scherer-Matter stands for folk music at its finest - a musical delicacy. The music of the Scherer-Matter band ranges in style from concertante Central Swiss folk music - including dances from the Heirassa and Carlo Brunner bands - to cultivated light music and evergreens, which the band specialises in playing in two-part saxophone harmony. Of course, old and new original compositions by Ruedi Matter are also part of the repertoire. What unites and characterises the four excellent musicians: a good friendship and the joy of beautiful music!
