Summer Sounds Lakeside Weggis – Don P. & The Blue Jags in Concert

A straw hat, sunglasses and a Fender Telecaster or Stratocaster are the trademarks of Lucerne guitarist, singer and songwriter Don P.

He plays a virtuoso and melodious blues rock guitar with references to the driving Texas blues and English blues rock. His powerful songs turn every live show into an intense experience! Don P. writes varied, emotionally charged songs. The sound is energetic, intense and played with great passion. The common thread of his blues-rock guitar playing runs right through the repertoire and immediately gets under your skin. DON P. & THE BLUE JAGS deliver a captivating show with pure joy of playing that gets you moving and keeps surprising you with well-arranged songs. The DON P. & THE BLUE JAGS sound is highly recognisable and has finally claimed its place in modern, contemporary blues rock. The independent, fresh songwriting with elements of rock, funk, jazz, soul and blues is inspiring.
