Classical Concert

Classical Concert with flutist Verena Steffen and organist Olivier Eisenmann.

Organist Olivier Eisenmann, founder and leader of the concert series Weggiser Sonntagskonzerte, performs on the occasion of the 40th anniversary of this series. The concert together with flutist Verena Steffen is not to be missed, as it presents a choice of compositions, that will be recorded on CD soon. Works for organ by Fanny Hensel-Mendelssohn, Josef Gabriel Rheinberger, Paul Huber and Christopher Tambling take turns with duo compositions by Gustav Jensen, Sergei Rachmaninoff and Karl Jonkisch.
