Summer Sounds Lakeside Weggis - TeachClean & The Workaholics in Concert

Take five musicians who love to play, add a good dose of blues and good old rock, let it sit for two to three hours and spice it up regularly with a pinch of humour.

As a result, you can expect a concert filled with power and humour with atmospheric music from the 70s to the 90s. The five musicians delight their audiences with a rich, luscious sound and apt sayings between the song lines.
