RIGYTHM Music Festival

The concert series „RIGYTHM – What Happened to Jazz“ is entering its third season with the aim of bringing high-quality jazz music in all its facets to the Lucerne Riviera at the foot of the Rigi.

The 3rd season of RIGYTHM will take place as a music festival from 4 to 6 October 2024 at the Haldihof in Weggis. Curator Martin Baumgartner has put together a line-up of former companions, close friends and new acquaintances and promises an extremely varied and exciting musical weekend! The concerts take place indoors. Further information and the detailed programme can be found at www.rigythm.ch
